

LINDA FEDER BIOGRAPHY

Linda Feder always sought a career where she could utilize the power of healing to make people's lives more balanced. Feder graduated from Northwestern University with a B.S. in Communicative Disorders and was a practicing Speech Therapist. Through the years she went on to get an Associate in Applied Science degree and

went into Medical Records Consulting for Orthopedic practices in the Chicago area. She also became a Certified Medical Assistant for Orthopedic practices, where she discovered her love of working with patients. Linda followed her true calling and became a Licensed Esthetician, a Reiki Master and a Certified Hypnotist and Hospice Volunteer.

Linda has a thriving esthetic and reiki practice (in Skokie, Il.) with clients from ages 16 to 80. She loves to treat skin "before" damage has occurred, to educate the client and slow the aging process. She takes a very holistic approach to the aging process for the body and the skin. Linda is an amazing healer and teacher and educates all her clients about proper care of the body and the skin; this includes the correct supplements to take and the most effective ingredients to use on the skin.

With this background and gift for helping people, she decided to develop her own line of skincare products, as she couldn't find the one product that contained all the right ingredients. Linda wanted to put money into the most powerful, active, essential and healing ingredients instead of into the advertising. Consequently she is giving her clients the benefit of years of research into ingredients that will help to slow all signs of aging, change the look and texture and protect and heal the skin. This new lotion provides cellular penetration for maintaining and increasing skin hydration, providing firming, tightening, elasticity, and protection skin from future damage and moisture loss. It provides a soothing, calming and healing effect that will give a more rejuvenated look.

Linda has plans to develop future products to benefit every skin condition. After years in Orthopedics and treating causes and not just the symptoms, she uses this same theory to get to the root of different skin conditions and maladies. In the future, she hopes to expand the line to include products that target acne, hyper pigmentation, cell renewal and sun damage.

Rthree™

Repair 🌿 *Restore* 🌿 *Renew*

Linda Feder's superior education combined with over 10 years of experience working with skin prompted the most cutting edge, all-in-one lotion that dramatically rejuvenates skin. Everyone wants to turn back the hands of time and regain a youthful complexion and finally there is a product that targets skin on every level. Linda not only understands her client's skin needs, she hopes to instill a new generation of skincare that will provide long lasting results.

R3 is an innovative lotion utilizing highly effective ingredients from around the globe to deliver firmer, smoother more radiant skin. A unique blend of potent antioxidants, age defying Peptides and healing essential oils stimulate cell renewal, provide greater hydration and protect against free radicals.

Key Ingredients:

Hydration

- **Aloe Vera** heals inflammation and hydrates skin.
- **Hyaluronic Acid** supplies long-lasting moisture with immediate smoothness and significantly improves skin appearance.
- **Shea Butter** has cell regenerative virtues and softens and moisturizes skin.
- **Silk Proteins** protect the skin from dehydration and leaves it with a smooth feel.
- **Avocado Oil** nourishes, smoothes, lubricates as well as invigorates. It is a company favorite and does a great job of moisturizing at deep levels.

Protection

- **Titanium Dioxide** is a non-chemical sunscreen that protects skin from UVA and UVB damage.
- **Vitamin E** has anti-oxidant action and skin moisturizing benefits. Protects against UV rays.
- **Green Tea** revives tired cells, improving microcirculation.
- **Grape Seed Extract** provides Intensive antioxidant power.

Anti-Aging

- **Idebenone** protects cells, inhibits inflammation and protects skin from environmental damage. Improves the appearance of fine lines and wrinkles, reduces dryness and smoothes skin texture.
- **Proprietary Blend of Peptides:** new highly concentrated blend of Peptides that firm and tighten the skin, smooth out existing lines, activate new cell growth, improve skin thickness and elasticity and prevent the development of fine lines.
- **Shiitake Mushroom** prevents the formation of melanin, or pigment, in skin, resulting in a brighter, more even complexion. Also contains an astringent quality that tightens the skin and fills in wrinkles.

Directions:

Shake well and apply to cleansed, damp skin morning and night, by gently smoothing on the entire face and neck, including around the eyes. The intense formula will cause slight tightening as it's absorbed into the skin. Results are expected within 30 days of use and maximum results within 90 days. Clinical tests reveal about 67% in line reduction after 90 days of use.
